... Car dealer...

Situl a fost realizat în aproximativ 6 ore, este un site de tip market store destinat vânzărilor de mașini noi și second hand.

The screenshot shows the homepage of the CarDealer website. At the top, there is a dark header bar with links for "Home", "Browse", and "Contact Us". To the right of these links is a phone icon followed by the text "Call Us: +40-756-569936". Below the header, the word "CARDEALER" is displayed in large, lowercase letters. To the right of the title are three circular icons representing people, a wrench, and a key. The main feature is a large image of a dark-colored Aston Martin sports car parked in front of a building. Below the image is a navigation bar with small circles numbered 1 through 50, with the first circle highlighted. In the bottom left corner of the page, there is a text box containing the welcome message: "Welcome to CarDealer, an awesome website specialized on Car Dealing Business." To the right of this text is a button labeled "Browse Our Cars" with a grid icon. The footer of the page is dark and contains the copyright notice "Copyright 2014 © Stefan Candrea" and the text "Web Technology Project 2014".

Structura sitului este foarte simpla, contine 3 pagini principale (Acasa, Catalog, Contact), pozitionate pentru a fi accesibile userului in stanga sus a ecranului.

Aceasi bara de meniu mai contine si o legatura (link) spre un cont de socializare si un numar de telefon.

Pe prima pagina un carusel realizat in jQuery ofera random 10 masini ca si o introducere. Codul de includere a acestui Carousel cu tot cu dependinte este:

```
<script type="text/javascript" src="_js/carousel.js"></script>
<script type="text/javascript" src="_js/jquery-ui-1.4.4.js"></script>
```

Mai gasim tot ce aceasta pagina un meniu si un footer cu informatiile programatorului sitului.

Pagina de catalog ne prezinta in prima parte un scurt istoric al firmei, iar imediat dupa avem niste filtre de cautare pe diferite criterii:

- Marca
- Model
- Carburant
- Limete de pret

Intreg situl a fost scris in Php, jQuery si o Baza de date in care au fost incluse toate informatiile masinilor.

Exista si validateare de campuri realizare in Jquery dar acestea inca nu functioneaza bine, la fel si carouselul mai trebuie optimizat.
