Conținut:

- am folosit Limbajul Java pentru a selecta diferite imagini.
- am utilizat culorile alb (font), roșu și albastru (tabele) pentru a scoate în evidență culorile de pe steagul SUA.
- în partea de jos a paginii, am folosit un tabel cu o linie și 12 coloane, unde am pus imaginile la un loc, iar între ele am introdus câte o imagine cu steagul SUA.
- în final, prin "IMNUL SUA", am realizat o legătură spre youtube.com.
